## Internships

**10/2022 - 02/2023**

Istanbul/Turkey

**Daimamoda**

Internship in Website Programming

During my Daimamoda internship, I helped develop and customize nopCommerce e-commerce solutions. I integrated payment gateways, managed product catalogs, optimized website performance, and collaborated on front-end features using HTML, CSS, and JavaScript. I also gained C# experience enhancing backend functionality.

**02/2022 - 08/2022**

Istanbul/Turkey

**Scramblebit**

Internship in Website Programming

At Scramblibit, I developed responsive websites using HTML, CSS, and Bootstrap, focusing on clean design and user experience. I used basic jQuery to enhance functionality and user interactions, solidifying my understanding of front-end web development principles.
