Projects
- **Portfolio Website**

Developed a personal portfolio website to showcase web development skills and project experience. Designed with a focus on user experience and responsive design.

- **Technologies Used**: HTML, CSS, Bootstrap, jQuery, Node.js.
- **Features**:
  o Interactive design with [e.g., icon animations, resume, multilingual options (English and German)].
  o Integrated with GitHub and LinkedIn profiles for easy navigation to personal projects and professional background.
- **Link**: **https://ashtarbit.github.io/myPortfolio/**

Internships

Website Programming **| Daimamoda**   **10/2022 - 02/2023**
Developed and customized nopCommerce e-commerce solutions, integrating payment gateways and optimizing product catalog performance.
Website Programming **| Scramblebit**   **02/2022 - 08/2022**
Developed responsive websites using HTML, CSS, and Bootstrap, with a focus on clean design and user experience. Utilized jQuery to enhance functionality and user interactions, strengthening my knowledge of front-end web development principles.
